## GOSSIP OF THE TURF.

All things considered, Martin & Patton's filly, Ethylene, is let into the St. Louis Inaugural on the ground floor. Mr. Maginn put but ninety-six pounds on her. To be sure, he has Dewey in at ninety-three and Schwalbe at ninety-five, and they are clever horses, fast and game; yet not any of them showed as well as the daughter of Ethel Gray last year, and on her efforts last fall she should come pretty close to doing the trick on May 3, though they do say that she has not grown very much meantime. Andy Williams, upon whom there is a heavy Derby play, is almost as well as Ethylene. Of course if Waring and Wax Taper, with their 127 and 126 pounds, respectively, are fit, the younger ones will have trouble finding which way they went. But it is an even break that neither horse is nearly as good as he was, and that Waring will not start at all.—St. Louis Republic.

Secretary Nathanson of the Harlem Jockey Club has high hopes for the steeplechase game here this year. He has the assurance of at least ten eastern owners that each will send two or more of their timber toppers to compete in the infield affairs here this year. After his recent trip down east Mr. Nathanson is fully convinced that the Provise course boasts the finest steeplechase appointments in the country, and he is sure if the eastern owners come here this year they will continue to race here ever afterward. The infield game is quite the go in the east, and Mr. Nathanson thinks, with twenty or thirty good timber toppers here this year, the sport will enjoy a vogue almost equal to that enjoyed around New York.

Havana's first horseracing season under American auspices began formally week before last with wonderful success. Twenty horses from the United States ran in four races in the presence of thousands of the best element of the population. Tom Reilly started open pool-selling on the grounds. The enthusiasm evidenced by all nationalities warrants the prediction that horseracing will take the place of bull and cock fighting in the hearts of the people.

Mr. L. V. Bell has left San Francisco for New York. The stable that Mr. Bell took out to the coast met with indifferent success, which is a source of general regret among the lovers of the sport in California. It is more than likely that the Bell colors will be sported in the Metropolitan and other classic races of the eastern turf this summer.

On the strength of a move of three-eighths of a mile in 36½ seconds last Wednesday at Lexington Col. Milton Young paid John Cronin \$1,500 for the chestnut colt two-year-old by First Mate—Chippie. Cronin bought the colt for \$200 as a yearling from Colonel Young. He will be trained by Charlie Dodson.

## READY FOR MEMPHIS OPENING.

Much rain has interfered somewhat with the working of horses at Memphis lately, and on this account trainers have been retarded in giving their charges as much preparing as they should have been given at this time of the year, especially with only a few days before the meeting begins staring them in the face. Many of the workouts at that have been satisfactory and by the time the post call is blasted upon the crisp air of spring, March 31, the local talent at Memphis will pretty near know what each candidate is about capable of doing. The Tennessee talent comes near being cognizant of what's what in the racing line, especially at Memphis, where the three weeks' run of the sport is regarded as one huge gala day.

For the gallopers last Wednesday it was a case of mud or nothing. Such a rain as fell from midnight to noon would have been a God-send to a drought-

stricken country in June time. The track at 1 o'clock was a veritable river, at 2 it was a sea of mud, and at 3 it was heavy, at 4 the harrows were at work and at 6 it was almost dry.

The best work of the day was a mile in 1:45 flat by the handicap candidate Walkenshaw. He carried 122 pounds and did the distance impressively. Hiram Pierce is training him, and has a ticket on him at \$15,000 to \$150. When asked about the horse's chance in the handicap, he said he never had an animal to do better for him and that Walkenshaw stood a good chance to win if the track was heavy next Monday.

He took this horse over to Little Rock with the expectation of starting him in a selling race on the first day of the meeting, but he showed that morning that he was too good for that company and was consequently scratched and shipped back to Memphis on the next train.

Silurian, the four-year-old bay son of Belvidere—Virgie D., from P. Dunne's stable, worked an impressive mile in the downpour and through the mud. He covered the route in 1:45½. It would be hard to determine what weight he had up. The boy seemed no heavier than ninety pounds, but there appeared to be a lead pad under the saddle cloth. His impost next Monday is but 100 pounds.

Miracle II., which is expected to carry the Tichenor colors, was not worked. Neither was Barouche, the McCorkle candidate, in Mahone's stable. Flying Torpedo, brought on to Memphis from California by Louis Ezell, was out for a gallop. He is looking good, and around his barn there is much confidence in his ability to put it over the plate.

The favorite, Waring, from S. C. Hildreth's barn, negotiated a mile and an eighth in 2:05½, the mile in 1:46, with about 128 pounds up. Hildreth says that he has not decided positively what else from his barn will go in the big event. Federal and The Lady are both going well and it may be one or the other of these. Whether he will start a companion to Waring will depend somewhat on a rider. Nitrate is being prepared for his race at New Orleans and will not be shipped to Memphis until Saturday afternoon or Sunday morning. Simons says he has a royal chance and his friends are backing his opinion.

T. C. McDowell attempted no fast moves with any of his lot. Allan-a-Dale led the string in the gallop. The sore on his back is healing and he is going freely. Abe Frank was sent a mile in 1:50, and Caviar, from the Tichenor barn, did the same distance in 1:47.

Joe Ullman and his crew have arrived from Hot Springs and opened headquarters for the future book on the Montgomery Handicap and the winter book on the American Derby and eastern events in Luehrmann's Hotel. The city is rapidly filling up and bed space in the hotels is already at a premium. The largest crowd that has attended any meeting is expected. Among the bookmakers who have already arrived are "Hops" and Harry Laudeman, from Lexington, Ky.; Harry Wehmhoff and Willie Applegate, from Louisville, and James Duckworth, of Cincinnati.

Winner—B. h. by Sir Modred—Glendora.

Went to post at 2:13. At post 4 minutes. Start good. Won driving; second easily. Dorian, after a rough journey to the stretch, bumped his way through and won going away and was best. Saul of Tarsus is in rare form, displayed brilliant speed and kept going gamely at the end. King Dellis was lucky throughout but failed to respond as strongly as usual at the end. Jerid was prominent from the start but was bumped in the stretch. Malaspina went wide and was poorly handled. Killdoo tired badly from following the pacemaker. Edinborough was nearly left and closed a big gap. Vantine was choked and pulled in to a pocket in the first half.

Scratched—30841 Phyllis, 95.

Overweights—Jerid, 2 pounds; Killdoo, 3.

Dorian, show, 3 to 1. Saul of Tarsus, show, 9 to 5. King Dellis, show, 4 to 5.

Winner—Ch. f. by Major Richards—Fantasma.

Went to post at 2:42. At post 8 minutes. Start straggling. Won driving; second easily. Guida, off running, immediately crossed the form contenders, obtaining a long and winning lead which she managed to hold to the end. Oro Viva was much the best and gradually decreased her lead from a flatfooted start but was ridden badly and taken wide and barely failed to get up. Donami failed to make good in the stretch run after showing a fine burst of speed. Delsegno was interfered with early and fell out of contention. Trim and Ellie E. both showed brief flashes of speed.

Overweights—Trim, 3 pounds.

Guida, show, 1 to 5. Oro Viva, show, out. Donami, show, evens.

Winner—Ch. c. by Tammany—Ayrshire Rose.

Went to post at 3:10. At post 4 minutes. Start good. Won easily; second the same. Marshal Neil, well in hand, trailed Reina de Cuba for half the distance, moving up like a flash when called on and was a sure winner thereafter. Frank Woods again made up a tremendous lot of ground from a bad start. Morengo put up a game race and is steadily improving. Courtier displayed unusual speed and stuck to his work well at the end. Morinel, off badly, suffered from a cowardly ride and finished with a rush after being carried to the extreme outside on the stretch turn. Mistleton is rounding to and is due soon. Reina de Cuba, a non-stayer, opened up a wide gap in the first half and had the field strung out like a procession but tired and quit badly.

Scratched—31185 Baldo, 92.

Overweights—Courtier, 3 pounds; Whaleback, 1; Malaise, 3; Morengo, 3.

Marshal Neil, show, out. Frank Woods, show, 1 to 2. Morengo, show, 6 to 1.

Winner—Br. c. by Tiger—Miss Gift.

Went to post at 3:35. At post 1 minute. Start straggling. Won driving; second easily. The Giver came out of close quarters in the stretch, after making a wide stretch turn and came with a fine rush through the stretch and won easily. El Rio Shannon, lucky throughout, finished strongly and is very good. Impromptu ran in startlingly improved form, was always well up and made a strong move at the end. Jime Hale got away running and showed the way for over six furlongs, but unexpectedly quit in the stretch. Redwald suffered disastrously from waiting tactics and sulked in the face of clouds. The Giver was bid up from \$1,000 to \$2,000 and bought in.

Scratched—31168 Horton, 104.

Overweights—El Rio Shannon, 2 pounds.

The Giver, show, out. El Rio Shannon, show, 2 to 5. Impromptu, show, 3 to 1. Jim Hale, show, 1 to 2.

## A Turf Sensation

### 3 DAYS AT MEMPHIS!

An exceptional opportunity open to all Turf Speculators desirous of obtaining THREE good, "Live Ones" coming off THE FIRST WEEK AT MEMPHIS.

### THURSDAY, FRIDAY AND SATURDAY.

These THREE are owned and trained by one of the shrewdest horsemen on the American Turf today, and have shown such a remarkable burst of speed it has been decided to "Coupe" THE FIRST CRACK OUT OF THE BOX, for a horse properly placed is often overlooked, both by Bookies and Public, and the probable odds on each "Trick" will be 10 or 12 to 1.

My reputation as a reliable Turfman is well and favorably known to all EASTERN TURFITES, but as I will operate at the WESTERN TRACKS this season I will take this opportunity of establishing myself to WESTERN TURFITES offering THIS (THREE DAYS) INFORMATION

### AT YOUR OWN TERMS,

payable AFTER THESE THREE "TRICKS" HAVE WON. This enables both the SMALL and LARGE bettors to get in on this "Killing" when the Flags fly and the Bugle sounds. Therefore, submit me a reasonable proposition, as your immediate patronage is most earnestly desired, and the only real proof of the "PUDDIN'" is in the eating. Address

Ex-Trainer C. H. James, P. O. Box 122, Memphis, Tenn.

## Flamboyant, 8-1, Fonsolucua.

"STABLE SECRETS" FROM THE INSIDE ON THE BENNING'S RACES.

Will Have One Saturday and Two Monday.

Went to post at 3:00. At post 6 minutes. Start fair. Won ridden out; second easily. Wonderly put up a good ride on Alpaca. He moved up with ease when a furlong from home but Alpaca then began to hang and had to be ridden out to keep her neck in front to the end. Gold Fox, speedy and in good form, led to the stretch on sufferance, but held on gamely through the last furlong when headed. Locket was weakly handled but held his own throughout. The Rogue, flatfooted at the start, was gaining slowly at the end and would have been third in a couple of strides. Maru lacked speed and was poorly ridden. Dolce far Niente is probably not of much account.

Winner—Br. c. by Lissak—Hanoana.  
Went to post at 3:30. At post 3 minutes. Start fair for all except Julia Lyston. Won easily; second the same. The first two had the race between them nearly all the way. Flamboyant was best at the weights and drew away in the last sixteenth in a handy manner. Baron Knight was speedy and hung on well and fought it out stoutly when caught. Mystic Belle performed well and should be improved by this race. Tribesman has worked well, but ran disappointingly. He will probably show to advantage some other day. Sapere, off poorly, received an easy ride. Julia Lyston's nose was caught in the barrier as it went up.

Winner—Ch. g. by Inverness—Sadie.  
Went to post at 3:55. At post 2 minutes. Start good. Won driving; second the same. Shea rode a gilt edged race and finish on Essene and the horse showed a good game performance. He displayed much speed and raced with Meistersinger to the last furlong, where he drew away under a hard drive. Meistersinger is very fit, away well and tried to make a runaway race of it and finished out strongly. Carroll D., well in hand for the first half, was all out at the end. Man o'War trailed the field to the stretch, where he closed up strongly and was gaining at every stride and would have won in another fifty yards. Trump was used up in trying to keep up with the leaders. He will do to keep track of, as he is good.  
Overweights—Trump, 1 pound.

Went to post at 4:20. At post 2 minutes. Start good. Won easily; second the same. Brisk was the best horse in the race and it was only a question of him being right, and he was. Creamer laid in behind Eloim to the stretch, where he assumed command with ease. The horse tried to stop in the last few yards and had to be shaken up to keep him going. Fonsolucia seemed dangerous a furlong from home and hung badly when Wonderly called on him for a final effort. Little Lois was outclassed and was never in the hunt. Eloim was speedy, but not up to the route. He quit after going five furlongs, but the race will improve him.

Went to post at 4:51. At post 2 minutes. Start fair. Won easily; second the same. Bastile was best and shows improvement with each race. He might have won going away, but Booker eased him in the final strides. King Barleycorn performed well for a first time out, displayed speed and lasted well. He always rounds to early in the season and will no doubt do better next time. He is of much better class than the others when he is right. Ringleader had no mishaps and was well up all the way, but tired in the stretch. Hand Vice can do better in the infield. Thermos was probably not up to a race.

Winner—B. f. by Aloha—Waterwitch.  
Went to post at 5:15. At post 2 minutes. Start straggling. Won easily; second driving. Water Alone got away flying and was never under pressure. He raced The Bluecoat into submission and went on and won in a canter. Inking was flat-footed when the barrier went up and wheeled, losing a half dozen lengths and she then went on and made up a lot of ground and finished strongly, beating Woodchuck out in the last stride. Woodchuck was poorly handled throughout. Thompson took him the long way around and put up a slovenly finish. Mango performed poorly and might improve suddenly. The Bluecoat is a sprinter and six furlongs is about all he wants.  
Scratched—31238 Round Up, 115.

Winner—B. g. by George Kinney—Princess.  
Went to post at 3:32. At post 16 minutes. Start good. Won handily; second easily. Little Jack Horner quickly assumed command and, although momentarily headed by Zirl in the stretch, rallied and was drawing away at the end. Zirl did her best and appeared like the winner at one point in the stretch, but tired near the finish. Crescent City ran well throughout. Man finished well. Crescent City and Ewing ran a quarter at top speed in one of the breakaways.  
Scratched—31251H. S. Tobacco, 116.  
Overweights—Zirl, 3 pounds.  
Little Jack Horner, show, out. Crescent City, show, 2 to 5.

## TRAINING ON WHEELS.

History repeats itself in many ways, and so many things happen between times that the repetitions are hailed as novelties, and a public satiated with scare heads and more or less impossible pictures falls over itself to grasp the novelty. Save the mark!

We have been inundated with "American training methods" in England and other countries, although little has been done there which is not done every day at home, and, as a matter of fact, the yearly occurrences round the average training stable would give any amount of vitally interesting copy to any one who was sufficiently technically interested to grasp it.

Columns have been written on the fact that Allan-a-Dale, the magnificent Halma—Sudie McNairy colt, which is favorite for the American and Kentucky Derbies, was speeded to a sulky, covering the mile in about 1:55. This, of course, was not typical trotting. It was, however, nearly eight seconds faster than the time of Crescens, the world's champion trotter, last summer, but it is nothing new in American training records. Last year The Black Scot ran many times, but to no good effect until he was driven to the track in a buggy, when he won at good odds. Since then old Dorian, who was raced until six years old and then retired to harness, has been returned to the turf at eleven years, and won a couple of weeks since in California for Green B. Morris, who vows he shall never look through a harness bridle again. About ten years ago Harry Alonzo was entered in a race at Sheephead Bay while stabled at Brighton Beach. He was hitched to a road wagon, and, with three men in it, was driven at top speed to Coney Island, where he was at once taken on the track without any warming up; ran, won and established a new track record for the race.

Away back in the past Aratoma was trained to a buggy and accomplished great deeds, and another buggy horse was La Polka. Mr. Sanford is said to have trained several horses to buggies, as part of their exercise, and achieved good results. The most remarkable piece of training was probably the gelding, Nicholas I., owned by Mr. John Hunter. This was a horse of the four mile heat days, when there were giants in the land. The training this horse received was mainly swimming in the canal. Every day he was taken down to the water and had a great time striking out with his legs developing the wonderful leg power which carried him so well over a distance and set several new notches on the scroll of Fame. Of course, he had plenty of running and walking exercise as well, but the main development aimed at was from the swimming. Captain O'Shaughnessy, with his horse, Glendove, for the Lincolnshire Handicap of 1874, trained him on stale bread, beer and molasses, taking his temperature every night at 9 p. m. and holding his head out over the half door of his stall for so long, according to the period required, in his opinion, to reduce the pulse to normal. He also applied wet bandages to the top of the thigh instead of round the pastern, claiming that it thus drew the inflammation into the body, and so passed it off. Glendove ran a bad last in the race, won by Tomahawk, with Fred Archer up on his first winning mount of any importance, but O'Shaughnessy was very serious as to the efficacy of his training, which he ran into the ground, as there appears to be some danger of doing with this buggy and sulky question just about now.

Trainer McDowell, who drove Allan-a-Dale, said the exercise was given to keep the weight off the animal's back, and develop the leg muscles. A competent authority while calling on The Spirit said: "This is all very well so far as it goes, but there must be great care taken, or, in the opinion of those well qualified to judge, there will be unfortunate results. The act of drawing a sulky will certainly develop the legs, but it is not along the lines of muscular action which a horse will exercise and strain when running. With the sulky it is a constant strain to move quickly a weight which is balanced behind the animal, while when the boy is in the saddle the weight is right over the withers or pretty nearly so. Thus there is a total change of the center of gravity. With the sulky there is considerable danger, unless great care is taken, of developing the horse unevenly, as a gymnast is frequently found to be. He may be a wonder on the horizontal bar, but when he comes to the parallels he is lost. The superfluous amount of exercise taken on the bar has unduly developed certain muscles, and, by a law of compensation, the other muscles have suffered to a certain extent. Thus a horse thoroughly trained to a sulky will have the back muscles more or less weak, and when the test comes of that last half furlong in a bruising finish the back muscles will be in danger of weakening before their time, simply because the leg muscles have been unduly developed at their expense. This is not a theory. Not an idle dream. It is the verdict of experienced men who are afraid that the present fad of sulky exercising may be run into the ground, and that the curious folly of taking a steeplechaser, and entering him in the hurdles right away, with the expectation of winning with him, may be repeated along other lines. The

sulky, however, will not affect every horse alike. There are some types of horses which need just that one-sided development, and which never run to their best limit without the weight being sufficient of a tax upon them to prove a steadier." Today is the age of progress—variously understood—and as we have had the stationary home trainer for the bicyclist producing good effects, we may yet have the home trainer buggy apparatus fitted with the treadmill appliance of endless stairs, so familiar to horse power utilizers in the rural districts. Time will show!—Spirit of the Times.

President Hugh Wilson, of the Montana Jockey Club, has named the secretary, starter and auctioneer for the race meetings in Butte and Anaconda. Ralph A. Tozer will be secretary and associate judge, being the selection of Judge J. A. Murphy, who will preside at the meeting. Kit Chinn was accepted as starter and W. P. Magrane will be auctioneer. President Wilson has received advices from California to the effect that a great array of stables is being prepared for the season at Butte. The Montana Jockey Club is offering \$100,000 in purses, and the meeting will include several big stake events.

In the course of a recent interview at Memphis Captain C. A. Tilles, president of the St. Louis Fair Association, is reported to have said:

"I do not think that conditions were ever better for good racing. That the war between the Jockey Club and the Turf Congress has been settled means much for the good of the sport.

"Last year, owing to the differences between

these organizations, there was no interchange of horses, as formerly, between Chicago and St. Louis. This was detrimental to the interests of both cities, and to the horsemen as well. The horsemen especially were the sufferers. Owners of big stables at either point could not split their stables between the two cities, nor could they race at both points except in stake engagements.

"The settlement of these difficulties came so late that we did not have time to carry out this year plans that had been formulated. But another season we will try to arrange our stakes and important fixed events so that they will not conflict with stakes at Chicago.

"Thus an owner who has engagements at both places can race one day at St. Louis, and ship to Chicago for the following day or the day thereafter. We will try to avoid a conflict of stake dates as far as we can this season, but may not be able to do so in every instance.

"As to the racing situation at St. Louis, we hampered that out last year. We do not anticipate any further trouble. St. Louis is one of the best racing towns in the country. The people like the sport. And what the people want the people generally get."

J. S. Bratton lost his good filly Meditation, by Handspring—Fair Recluse, last Wednesday at St. Louis. While galloping her daily exercise at the old St. Louis racetrack, which is now Mr. Bratton's property, the filly broke her shoulder. A veterinary surgeon was at once summoned and pronounced the injury ruinous of her value as a racer. She was destroyed. No reason for the accident could be discovered. Meditation was a filly of more than average class. She ran some splendid races last season, beginning in Canada and winding up at the Fair Grounds in the fall. She was very fast, and could stay a route and sustain her speed as well as most fillies, and was good on all kinds of track under all conditions. Mr. Bratton was offered \$2,500 for her last fall and refused it. Trainer Flippen, who has charge of the Bratton stable, said that he would not have taken \$5,000 for the mare. The breeding of Meditation was first-class. Her sire, Handspring, is by Hanover, while the dam is an imported mare of the very first class.

Mr. Bratton, the St. Louis turfman, has thirty-four horses in training, among them twelve jumpers. He recently signed John Dugan, the crack post rider, for two years. Dugan rode for P. M. Civill and John Ferris on the St. Louis tracks last year. He is a brilliant boy at the start, always away in front. This makes him an especially desirable jockey in sprints and two-year-old races. Henry Flippen, who trains the Bratton lot, is a veteran in the sport. He was one of the leading handlers of the east in the old Guttenburg days, and has always been noted as an exceedingly able horseman.

W. C. Whitney's horses, which arrived last Saturday at Sheephead Bay from his Westbury establishment on Long Island, were the chief attraction at that course during the day. The trainers and attendants were kept busy nearly the whole day answering questions and granting permission to take a look at some of the noted racers in the stable. Not only were the horsemen who were quartered at the different tracks there during the day, but many visitors from New York and Brooklyn were anxious to get a glimpse of the famous Yankee, Goldsmith, King Hanover and Blue Girl, all of which will start in active training for a summer's campaign under the guidance of one of America's best trainers, John W. Rogers. The two-year-olds in the string number nineteen. They are bred in the purple and are brothers and sisters to many great winners, and give every promise of adding as much to turf history as did the two-year-olds of the stable last season.

Alex. Shields, the Canadian turfman, owner of Advance Guard and other good horses, is said to have been suffering from nervous prostration, superinduced by fear that Advance Guard would not be given sufficient weight in the events on the eastern circuit. Last season Advance Guard was almost invariably awarded top weight in the handicaps in which he was engaged. Of these events he won only one. Shields is wondering what will happen this year. It was not always the weight that stopped; the horse had some poor rides, and had some bad racing luck.

Everything is hustle and bustle at present at the track down on the dunes of Indiana. More than enough horses are now stabled at the course to fill out a good programme each day. Stable room is at a premium, and Secretary Nathanson is fervently hoping that the demand for stall accommodations is over with. The track is in pretty fair shape, and many trainers are beginning to get their charges in condition for the opening, which takes place April 15. The majority of the thoroughbreds are horses that have raced at New Orleans all winter and many of which are now up to a good race. The Roby contingent will have to gather its pabulum during the fifteen days' session of the sport there, for when the game switches over to the more pretentious tracks in Illinois its chances of garnering will have been reduced to a minimum.

## JOCKEYS HANDICAPPED.

DAILY RACING FORM will from now on publish each week a table of the rating of the jockeys riding at each track based on their performances in the saddle. The best riders at each track will be given the uniform rating of 100, and from that point the others will be graded down according to their estimated relative skill. For a difference of five points between the jockeys a corresponding five points change in the handicap figures assigned the horses in any race must be made. Only riders frequently in the saddle will be given a place in the tables. The following is the rating of the jockeys now riding over the various tracks:

Time, 1:11, 2:31, 4:09, 1:13 1/2.

Winner--B. f. by Midlothian--Fannie Louise.  
Went to post at 4:00. At post 10 minutes. Start good. Won easily; second driving. Sister Jeanie, lucky and skillfully placed, saved much ground in making a clever stretch turn, had the field decisively beaten when a furlong out and at the weights was best. Joe Frey, however, followed Sharp Bird too closely, and when the latter made his customary bolt on the stretch turn was carried out with him, as was also the badly messed about Hagerdon, practically destroying the chances of both. Sharp Bird showed great speed and finished well. Varro, fresh and good, went well and should win soon. Sweet Tooth, away badly, ran very dully in the first half, but finished strongly and will improve. Watch him. Byron Rose was evidently short.

Scratched--30698 Kenilworth, 122.  
Overweights--Sharp Bird, 1 pound.  
Sister Jeanie, show, 6 to 5. Joe Frey, show, 2 to 5. Sharp Bird, show, 10 to 1. Hagerdon, show, 1 to 2. Sweet Tooth, show, 1 to 2.

Winner--B. f. by Bramble--Meriden.  
Went to post at 4:33. At post 4 minutes. Start very straggling. Won easily; second driving. Rubus was skillfully handled and practically made her own pace, which was slow, and stole away on the far turn from Sir Hampton, her nearest attendant, which was under a choking pull and quit as if short, and won going away. Diomed, luckily placed and saving ground on the stretch turn, finished strongly. Antolee was practically left and ran a remarkable race. The slow early pace, however, enabled her to catch the field on the far turn, where she went wide and finished with a rush and was probably best. Huachuca, poorly ridden, fell back in the stretch and then came again fast at the end.

Scratched--31257 Bassenzo, 98; 31186 Constable, 98; 31290 Quadra, 94.  
Rubus, show, 2 to 5. Diomed, show, 4 to 1. Antolee, show, 9 to 20.

Went to post at 3:33. At post 4 minutes. Start poor. Won easily; second the same. Patchwork outclassed her field and only had to canter all the way. Nina B. L. showed little early speed, but saved much ground by hugging the rail on one of the turns and finished stoutly. Agnes Clare was kept too far out of it in the first part. Millstream suffered from much interference. He was coming strongly and but for the interference, would have finished second.

Winner--B. m. by Scorpion--Virginia B.  
Went to post at 4:02. At post 5 minutes. Start bad. Won easily; second driving. Elsie Venner was under restraint the first part, but came away when ready and won with plenty in reserve. Antagone was in a pocket the first half, but came fast at the end. Laroquise ran well the first four and half furlongs, but tired when his bad legs got hot. Tava Harris quit when the pinch came. Salome was off poorly and taken the overland route. Throw her race out, as she can do much better with decent handling.

# The Melbourne Stud.

**Handspring** LIMITED TO THIRTY APPROVED MARES. (PROPERTY OF P. J. DWYER). \$100

Handspring won the Great Trial, Tremont, Double Event (both renewals) Foam, Billow, Withers and Carlton Stakes, Brooklyn Derby, etc. Chestnut horse, standing 16.1 hands high. By Hanover—My Favorite, by imp. Rayon d'Or. Handspring's oldest get were two-year-olds in 1901. He has had but six starters, three of which, Merriment, Meditation and Major Daingerfield, are high class winners, and one of his other starters, which only twice raced, ran second in one of his starts in company of stake class. Handspring's breeding must be considered extra fashionable and up-to-date, being by the great Hanover and out of a daughter of the grand imp. Rayon d'Or, who won on the turf no less than \$122,140 and showing wonderful ability to go any distance and to carry any sort of weight. Handspring's second dam was by the successful sire imp. Glen Athol, a son of Blair Athol, winner of the Derby and St. Leger, and he out of Blink Bonny, by Melbourne, and she won both the Derby and Oaks, and grandson of both Pocahontas and Queen Mary and sire of the Derby and St. Leger winner Silvio, and the great Prince Charlie, probably the fastest horse that ever ran in England. Handspring's next dam is by none other than the great and only Glencoe. Going back to Rayon d'Or we find him out of a mare by the son of the immortal Touchstone, the foundation stone of nearly all perfect pedigrees, and her second dam was old Pocahontas herself, by imp. Glencoe. Thus combining several times over the wonderful Glencoe blood. Any breeder stinting a good mare to Handspring has a chance to produce the greatest horse that ever lived, and his stud fee is certainly a very low one, taking everything into consideration.

**Rainbow** \$50

Brown horse, 16.3 hands high, foaled 1890, by Longfellow, dam Buff and Blue, by War Dance. Rainbow won the Brooklyn Derby and many other races, in which he defeated the best horses in training, and during his three-year-old form worked a mile and a half trial in 2:36 over the Coney Island track. Rainbow's dam, Buff and Blue, is by War Dance, one of the best of Lexington's sons, out of the famous old matron, Reel, by imp. Glencoe. Buff and Blue also produced Bright Phoebus (winner of the Realization Stakes), Monita Hardy, Sister Geneva (dam of Carnero), and other winners. His second dam, Balloon, was one of the greatest long distance race mares ever seen in this country and produced the famous brood mare Ballet. Rainbow is one of the finest thoroughbred stallions in America and sold for \$8,200 as a yearling. Rainbow made his first season in the stud at Melbourne in 1900, but he was stunted to a few mares before that and from those services he has had seven starters, every one of which has been returned a winner, including the three high class performers Menace, who won eighteen races, a greater number than any other three-year-old filly in training in 1901; Wealth, a three-year-old filly, who in her first and maiden start forced the noted Futurity winner Ogden, then an older horse, to run a mile under 1:40 to beat her a head, and Percy F., a several times stake winner. For 1902 Rainbow is limited to thirty mares, of which twenty will be his owner's.

**St. Julien** LIMITED TO THIRTY MARES. \$50

Own brother to the stake winners and successful sires Prince of Monaco and St. Carlo. Chestnut horse 16 hands high, foaled 1891, by imp. St. Blaise—Carina by Kingfisher. St. Julien was a stake winner and raced with success as a two and three-year-old, winning The Larchmont Stakes, 3-4 in 1:12, and other races, and was beaten a head by John Cooper in the Vreeland Handicap, 7-8 in 1:28. St. Julien was only stunted to a very few mares previous to going regularly in the stud at Melbourne in 1901, yet he has sired the flying Myrtle Dell, who made a track record as a two-year-old in 1901, Sard Seething, St. Dean, Kabyle, Princess Julien, Blonde Grayson, etc. Mr. Barnes thinks St. Julien fully the equal of his full brothers, St. Carlo and Prince of Monaco. He is a sure foal getter, having twenty-eight mares in foal from a service of thirty-three last year. He is also a grand breeder of individuality and as fine a tempered horse as there is in Kentucky.

**Jim Gore** Private

By Hindoo, dam Katie by imp. Phaeton. Sire of Beau Gallant, The Goldfinder, Amelia May, Beau Ideal, Moncreith, Gorman, Knowles, Donna Seay, and many other stake winners and great campaigners.

**Prince of Monaco** Private

By imp. St. Blaise, dam Carina, by Kingfisher. Sire of Fancywood, Blennenworth, Monarka, Precursor, Autumn Leaves, Sting, Kilmantle, who won twice and was placed four other times out of seven starts in England in 1901, Colbert, and many other winners.

The Melbourne Stud now consists of five stallions and 108 of as finely bred young matrons as can be found on any single breeding farm in this country. The mares are now kept on eight different farms and the yearlings on four different farms—far apart and yet within a few miles of Melbourne, for it is my fixed opinion that strictly high-class race horses can be bred with more success if kept apart in small lots rather than banded together in large numbers.

Mares kept in box stalls, well bedded down, the charges will be \$10 per month, when running on grass \$5, which must be considered a very low price, considering the established reputation the Melbourne Stud has for the care of its stallions, mares and all thoroughbred stock. It is a practice at the Melbourne Stud to try the mares three times a week until the first of June, and after that time every day until the season closes, July 1st, which is a guarantee that every mare will be got in foal, if care and attention will accomplish this end.

Usual return privilege, if horse is alive and in my possession.
